#### LIFE NEARLY EBBED AWAY

But Daughter Helps to Restore Sick Mother Again to Health and Duty.

Highwood, Mich.—"I was in a serious condition, and my life was nearly gone," writes Mrs. Clara Avery of this place, "but I am feeling well now, as the result of having taken Cardui, the woman's tonic.

My sufferings extended over many years, and were made up of female troubles, such as backache, pain in my side, and dreadful dizzy spells.

I was all run down, and hardly able to drag around, when my oldest daughter got me a bottle of Cardui.

I had no faith in it, but took it nevertheless, and before I had finished half a bottle, I got better. Now I am well and able to do my work."

Women who have to drudge away, at their own housework, often have to suffer from the results of overstrained womanly organs.

It should be a comfort for them to know that at such pains and weakness, there is at hand, on every druggist's shelf, a remedy, in Cardui, the Woman's Tonic.

This successful tonic, prepared from nature's harmless herbs, aids nature in building up strength, for the worn-out womanly frame.

It relieves the symptoms. It reaches the cause. It helps to make you well. Try Cardui.

NEW OFFICE TO BE ERECTED.  
The Wells Fargo express office, under the management of G. A. Goodwin, is to have a new home in Tempe within a short time. Work was started on the building Monday, which is to adjoin the old office on the north side. Since the construction of the present office this spot has been used as a flower garden by Mr. Goodwin, it being one of the prettiest in Tempe for its size. Rowand Bros. have secured a three year lease on the old office, in which they plan to put an up to date barber shop as soon as it is vacated.

TEMPE VS. INDIANS.  
The fate of the United States Indian school ball team is again to be decided this afternoon on the local high school grounds, for if they lose the game the state championship goes with it and the Tempe normal will hold it for the coming year. The high school boys anticipate just this, not so much that they want the normal to win the cup, but just for the honor of winning and having a chance for second place in the league. At any rate the game is to be called at three o'clock to allow as many as possible to see the full game and root for their favorite team. The Tempe high school team will line up as follows: Pine, c; Nettie, p; Hegi, 1b; Moer, 2b; Earl Brooks, 3b; Oran Brooks, ss; Buck, lf. The present line up for the other two fields is Blake and Spangler but there are chances for a change.

THE DANGER AFTER GRIP  
lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of grip. It suffers, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by all druggists.

INSURANCE MAN HERE.  
Weldon D. Whelan, an insurance adjuster, was in Tempe yesterday calling on the local agent, R. A. Windes.

CARD OF THANKS.  
I wish to express the thanks of my family and myself for the many favors shown us by our kind friends during the illness and death of our beloved one.

MRS. CHRIS JACOBSEN.

ANOTHER CANDIDATE.

F. M. Hudlow has signified his intention to run for town marshal at the coming town election, making three candidates, to date, for that position. Mac Browning hails from the citizens' party; Sam Brown, the present town marshal, from the Peoples' party; and Mr. Hudlow runs for himself, or better named, independently. The primary election is to take place the twenty-sixth of this month in the Goodwin opera house. There will be six new town officers elected one month from that time.

MESA  
MESA DIVIDES ON NEW COUNTY PLAN  
People Are Far From Being a Unit on Proposition Advanced by Mr. Jones.

A delegation of Mesa citizens went over to Phoenix yesterday morning to present when Dan Jones introduced bill No. 128 before the state legislature, for the division of Maricopa county. The new county advocated is to be named Orange county. There is considerable opposition to the bill among the citizens of Mesa. The boundary line of the new county will be between Mesa and Tempe running north and south. The assessed valuation of the new county is \$4,000,000. Among the Mesa boosters who went over were M. J. Dougherty, W. K. Bowen, Max Vieux, Phil Metz, H. L. Chandler, Judge Irwin, J. W. Mitchell, R. Cooley, J. W. LeBaron, Jos. Montgomery and others.

IT LOOKS LIKE A CRIME  
to separate a boy from a box of Buckle's Arnica Salve. The shingles, boils, scratches, knocks, sprains and bruises demand it, and its quick relief for burns, scalds, or cuts is his right. Keep it handy for boys, also. Heals everything healable and does it quick. Unequaled for pikes. Only 25 cents at all druggists.

H. E. Aston formerly of Mesa has relinquished his desert claim near Higley to Mrs. Slauson of Indiana. Mrs. Slauson contemplates many improvements and the building of a fine residence in the fall.

Announcement is made of the marriage of Royal S. Irwin of Chicago to Miss Cora Richards of the same place. Mr. Irwin is the son of Judge and Mrs. George Irwin and is well known in Mesa.

Judge and Mrs. R. A. Kingsbury departed yesterday at noon for their old home in Missouri. They intended to leave Monday but were delayed a day longer in getting away.

PUTS END TO BAD HABIT  
Things never look bright to one with "the blues." Ten to one the trouble is a sluggish liver, filling the system with bilious poison, that Dr. King's New Life Pills would expel. Try the joy of better feelings and "the blues." Best for stomach, liver and kidneys. 25c. All druggists.

TAKEN FROM HOSPITAL.  
Fred Tripp who was so badly burned a few days ago at the Mesa Dairy and Ice company plant, was taken from the South Side hospital to the Mesa hotel yesterday afternoon. He is recovering rapidly but it will be some time before he is able to resume his duties at the creamery.

LECTURING AT HIGH SCHOOL.  
Professor McGuire of the agricultural department of the State University at Tucson is lecturing daily at the high school in the class of agriculture. The class numbers about thirty students.

Ed Wooster of Phoenix was in Mesa yesterday making collections for the Overland Telephone & Telegraph company.

Dr. Drane reports that he has yet received no trace of the horse which was stolen from the pasture last Monday night. He has offered a liberal reward for the return of the animal. Others have reported the loss of saddle horses the same evening and the officers are doing all they can to run down the thieves.

Mr. and Mrs. Peter Boralo are rejoicing in the birth of a daughter. The little girl arrived Monday evening.

## HAYDEN TEAM CHALLENGED

Casa Grande Ball Tossers Would Do Battle With Hayden Boys; Embezzlement Charge Withdrawn; to Improve Theater

HAYDEN, April 23.—The Hayden Baseball association has just received a communication from the ball team at Casa Grande bearing a challenge for a game next Sunday. The challenging team suggests that it will be agreeable for the Hayden team to visit them or they will come to Hayden; they leave it to the Hayden boys to decide. It is required that a small cash stake be put up for the winning team. The deal is still in the air but will probably go through as the local team is considering the matter quite favorably. Geo. W. Carr, manager of the Hayden Amusement company, returned from Phoenix Monday. Mr. Carr was in the capital city making arrangements for additional attractions at the local theatre.

Advice has just been received from the authorities at Del Rio, Texas, authorizing the release of W. C. Axson, who has been held here since last week. Axson had been charged with embezzlement in the Texas town but it now seems that the charge has been withdrawn and that he will not be prosecuted further.

M. M. Martin returned from Phoenix Monday.

M. E. Webster is spending a few days in Ray.

F. Kennedy Peo went to Phoenix Monday.

J. Sweet, a former Colorado mining man, arrived last week to be employed at the concentrator as general repair foreman. Mr. Sweet brought with him his wife and two children.

Mayor James C. Dahlman, Omaha, Neb., often called "the Cowboy Mayor," writes of the benefit he derived from Foley Kidney Pills and says, "I have taken Foley Kidney Pills and they have given me a great deal of relief, so I cheerfully recommend them." Elvey & Hullett.

## CHANDLER WRITES ON BEET CULTURE

Also Discusses Many Other Matters Having to Do With Development of the Valley.

In a communication to The Republican Dr. A. J. Chandler of Mesa and Chandler, president of the Mesa Improvement company, writes entertainingly of the possibilities of sugar beet culture in this country; and what is probably the most interesting part of his communication is the statement that he has secured the services of Dr. Leon Lalonde in order to cooperate with those living on the Chandler ranch. It is perhaps unnecessary to say that Dr. Lalonde is one of the greatest if not the greatest authority on sugar beet culture in this country.

Dr. Chandler is authority for the further statement that the Chandler ranch lands are different from adjacent lands, in the matter of temperature. It is also said that some of the wells on the Chandler ranch carry soluble nitrates in solution in appreciable amount. This is the most valuable plant fertilizer known.

Dr. Lalonde, it may be remarked here, is general industrial counsel and superintendent for the Mesa Improvement company. He has spent a great deal of time in the study of plant life and is well qualified for the important duties devolving upon him.

Dr. Chandler further says that his efforts at present will be directed to the mapping out of industries in and around Chandler, in order to make this town a producing center for that part of the valley. He says further that the dairy interests will be placed under such control under Dr. Lalonde's supervision that he expects

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

## THE DOCTOR SAYS NO! NO HEART TROUBLE---IT'S GAS IN YOUR STOMACH

Pressing against your most vital organ—the heart—and affecting every organ in your body, making you dizzy, irritable and generally miserable.

BAALMANN'S GAS-TABLETS not only relieve this, but cure for all time. If you wish to be permanently relieved of Gas in the Stomach and Bowels, take two Baalmann's Gas-Tablets for a few days.

Baalmann's Gas-Tablets are prepared distinctly and especially for Stomach Gas, and particularly for all the bad effects coming from Gas Pressure.

That empty, gone and gnawing feeling at the pit of your stomach will forever disappear in a few days; that anxious and nervous feeling, with heart palpitation, will vanish and you will once more be able to take a deep breath, so often prevented by gas pressing against your heart and lungs.

Your limbs, arms and fingers won't feel numb and go to sleep, because Baalmann's Gas-Tablets prevent gas interfering with your circulation. That intense drowsiness and sleepy feeling

the Chandler milk to have a national reputation.

In the judgment of Dr. Chandler the growers of sugar beets in that section will have no need to fear the free sugar bill, for in Arizona they will have a market many times more remunerative than their present one.

In the matter of rose products the doctor says the California Floral Products company, of Los Angeles, Cal., has arranged to send its expert to Chandler to establish a rose plantation for the manufacture of attar of roses. The doctor says it is reported the company has bought 640 acres to be devoted entirely to rose culture.

These few facts will give an idea of the immense improvements and wonderful development which Dr. Chandler says is in progress in his part of the valley. Vast numbers of people have recently been attracted there from west and east, and in fact from every section of the country; and the interesting thing in connection with it all is that almost no line of human endeavor or human industry has been overlooked. Probably nowhere else in the United States is there in a town with grander possibilities than the town of Chandler, and nowhere else in any community, outside those numbering many times the population of Chandler, can there be found such a diversity of interests, such opportunities for investment and such splendid evidences of enterprise and progress.

LAND CHOSEN FOR HIGH SCHOOL SITE

Dressbach Land Will be Site of New School—Officials Want Enforcement of the Vital Statistics Law.

Two boys said to be from Phoenix were fined here yesterday for cruelty to a hired horse.

The local registrar of births and deaths would be very grateful if the people living in the vicinity of the Russian village at the town of Davy about three miles from here would be kind enough to report to him any violations of the vital statistics law section 25.

It seems that the Russians have a private burial ground and often have no attending physician at time of birth or death and no undertaker and that children have been born and several have died without the local registrar being able in any way to find out the particulars on account of the lack of trustworthy interpreters. These people are holding themselves aloof from the people here and have formed a town of their own, and this makes it doubly hard to get the desired information. The local registrar is making a desperate effort to enforce this law and if some of those living near the village would report to him any violations of same it will help matters a great deal. The law covering the situation is very strict, reciting penalties of five to a hundred dollars' fine, and government.
